# Air Base Will Have Open House May 17

The 340th Bombardment Wing at Whiteman Air Force Base will open its doors to the public for Armed Forces Day activities on Sunday, May 17, according to Lt. Col. Robert Cassidy, project officer.

Whiteman Air Force Base will hold open house between 11 a.m. and 8 p.m. The public is invited to visit the base to see their Air Force on display.

Armed Forces Day was originated in May, 1949, upon order of the President of the United States, to promote understanding and good will between the members of the military organizations and the civilian public. This event, the third weekend in May, is celebrated all over the nation and military installations are open for the public to visit and see their Armed Forces.

Col. Cassidy stated that, last year more than 22,500 residents of the local communities visited Whiteman during Armed Forces Day to view in operation the only Strategic Air Command installation in the state of Missouri.

Col. Harold E. Humfeld, 340th Bomb Wing commander, sent a personal invitation to the mayors, press and leading citizens in the surrounding communities urging their support in information and urging the townspeople to come out and visit Whiteman on May 17.

He indicated in his letter that Whiteman became a community in Central Missouri when it was reactivated in 1952. "Since that time," the letter read, in part, "it has grown along with the other communities and become an important economic and social factor in the state." He went on to state that the good relations enjoyed between the base and the community at large is indicative of the mutual interest of both parties. "The Armed Forces Day open house," he said, "is an excellent opportunity for the members of your community to see

## Group Delays Investigation Of Paper Strike

ST. LOUIS (AP) — A Missouri Senate Committee headed by Sen. Michael Kinney (D) of St. Louis has postponed its investigation into the lengthy Newspaper Guild strike against the St. Louis Globe-Democrat.

A hearing had been set for today in St. Louis by the committee. Its purpose was to determine whether a full scale investigation should be held.

Kinney cited two factors late yesterday in his decision to postpone the hearing. First was Atty. Gen. John M. Dalton's opinion—a surprise to Kinney—that the committee lacked the power to subpoena witnesses. Second was the fact the Newspaper Guild had decided not to send witnesses to the hearing.

In a statement the St. Louis legislator said "our sole interest is to make whatever contribution we can toward settling the strike in behalf of the public."

The strike started Feb. 21 over a pension plan. The Globe sold its printing plant and equipment to a rival afternoon Post-Dispatch a week after the strike. Since then job security has become a prime issue.

The Guild disclosed late yesterday it has delayed a decision on whether to publish a morning newspaper while the strike lasts. The Guild has formed a corporation to sponsor the paper but no editions have been published.

# Invading Cubans On Move

## Intent Unknown But Guardsmen Head for Them

PANAMA — (AP) — The main body of the Cuban invaders left the town of Nombredios today and struck out toward Panama City, a government spokesman reported.

National Guardsmen were sent to intercept the rebel column. It was not immediately clear whether the invaders were leaving to surrender or to try to escape capture.

The leader of the Cuban invasion band said earlier he and his men were ready to surrender unconditionally and submit to Panamanian courts.

The spokesman said the government's information was that about 60 men left the Caribbean coastal town of Nombredios and the remainder of the 89-man group stayed behind.

Cesar Vega, the former Havana night-club owner who led the expeditionary force ashore six days ago, had said a quick opinion poll showed the discouraged adventurers want a quick settlement.

A government official said an agreement concluded with the help of neutral diplomats from the Organization of American States gave Vega until noon to signal a final surrender.

After that the National Guard planned to move in and try capturing any holdouts, he said.

The invaders headed out of Nombredios well before noon for a jungle road connecting with the main highway, the government reported.

The road emerges onto the main highway about 30 miles from Panama City. The government spokesman said no contact is expected for several hours.

## Urges Industry, Labor To Hold Price Line

HARRIMAN, N.Y. (AP) — Secretary of Labor James Mitchell urges industry and organized labor to reach fair wage agreements without causing price increases.

Speaking Thursday night before economists attending Columbia University's American Assembly, Mitchell said: "Certainly labor and management in the major industries must realize that their wage and price actions are often followed by other industries whose situations may be vastly different, with the result that wages and prices go up all along the line."

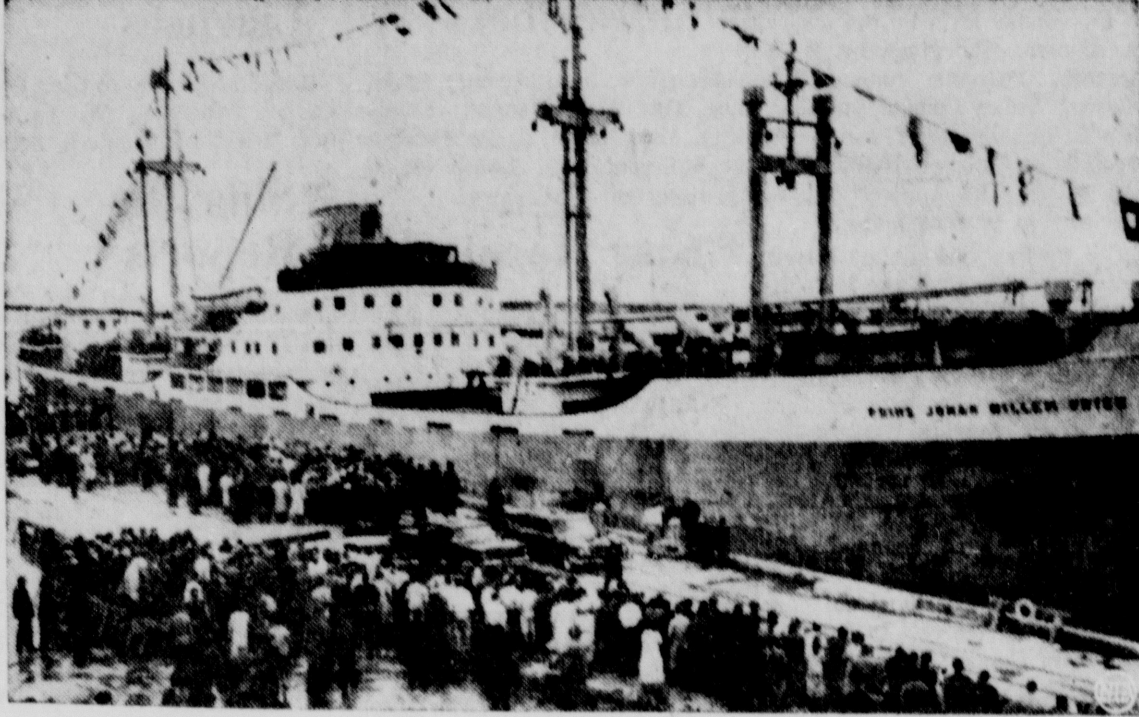

Noting that Big Steel negotiations are set to start next week, Mitchell asked both sides to "bargain reasonably."

## Traditional Red Square Parade

# Workers Celebrate May Day Worldwide

By THE ASSOCIATED PRESS

Workers celebrated May Day in many lands today with parades and festivities against a backdrop of international tension.

Communists and non-Communists staged separate rallies in capitals in the non-Communist world.

The Soviet Union's traditional parade in Red Square saw a beaming Premier Nikita Khrushchev taking the salute shortly after being awarded the Lenin Peace Prize for 1958.

Boasts of Soviet military might came from the defense minister, Marshal Rodion Malinovsky, but the parade was a disappointment to Westerners looking for new weapons.

"Our military forces," Malinovsky said, "are ready to give a destructive rebuff to any who try to obstruct the productive work of the Socialist Soviet Union."

The theme seemed to stress defense. Missing were the big rockets of last year. Instead, an artillery show was called by Moscow radio the "most awesome" highlight of the parade. It described "antiaircraft equipment as big as factories and twin-barreled self-propelled guns capable of hitting anything on earth or in the skies."

The battered body of Sharon Crossman was found beneath the porch of a house after a two-day search. The exact cause of death was not immediately known.

The blood stains on the clothing were being analyzed to determine the type.

The parents of the dead girl, Mr. and Mrs. Robert Crossman, told police they had used pieces of cloth to stop the nose bleeds of their children. The parents were not held.

A medical examiner said there was no evidence that the child had been assaulted sexually. But there was evidence, he said, that she had been beaten severely.

The body, clothed in blue dungarees and a white blouse, was found face down in the dirt under the porch. She was shoeless and one foot bore a deep bruise. Other marks of violence were evident on her head, neck, legs and body.

Sharon recently had undergone a pancreas operation and was reported still in a weakened condition.

Her mother Eleanor, 27, had told police the child disappeared from her crib sometime early Tuesday. She said she had put Sharon in her second-floor bedroom for a nap and then had gone to rest. Several hours later, she told police, she awoke and discovered the child was gone.

# Ambassador Job Given Up

## Mrs. Luce Tenders Letter Of Resignation to Ike

WASHINGTON (AP)—Clare Boothe Luce quit today as ambassador to Brazil because of her public row with Sen. Wayne Morse (D-Ore).

President Eisenhower regretfully announced her decision after an hour's talk with her at the White House.

In a letter to the President, Mrs. Luce said: "It is no longer possible for me to accomplish the mission you have entrusted to me."

Presidential Press Secretary James C. Hagerty told a news conference that Eisenhower sought to persuade Mrs. Luce to reconsider her decision to quit.

matic post. He implied she was sons why she felt she could not reconsider her decision," Hagerty said.

Mrs. Luce, solemn-faced, stood beside Hagerty as he announced her decision. She refused to make any comment on her decision other than that set out in her letter.

Her letter said the "climate of good will was poisoned by thousands of words of extraordinarily ugly charges against my person, and of distrust of the mission I was to undertake."

She did not mention Sen. Morse by name, but she noted that "the American author of these charges" is also chairman of a Senate subcommittee which handles Latin American affairs.

Morse tried to block Senate approval of her appointment but was defeated by a 79-11 vote in her favor Tuesday.

A few hours after this, Mrs. Luce caused an angry uproar by saying in New York that her troubles began when Morse was "kicked in the head by a horse" in 1951.

Morse called her remark proof she was not fitted for the diploma. "But her letter gives the real unstable mentality."

In summing up her decision to step aside, Mrs. Luce told the President in her letter:

"Common sense indicates that the good will and support which the rest of the Senate has given will not be forthcoming from the subcommittee chairman (Morse)."

"A continuing harassment of my mission, with a view to making his own charges stick, is the natural course the chairman would follow. And the sad fact is not that I, but Brazilian-American policy would be the victim."

"If therefore seems indisputable that at this time of grave economic difficulties in Brazil, the best interests of that country, as well as of the United States, will be served by your selection of another plenipotentiary."

## State Income Tax Evaders Checked On

### Some Cases May Be Prosecuted Under State Law

JEFFERSON CITY (AP) — Those who didn't file state income tax returns this year had better beware.

Milton Carpenter, director of revenue, said today the state is studying a number of cases of non-filing of returns to determine if criminal prosecution is justified.

The action came to light Wednesday when two Joplin men were convicted of failure to file state returns. A third Joplin man has pleaded guilty and another case is pending at Union.

Carpenter said his office is looking into many income tax cases this year but not all will be prosecuted.

"We have to see if charges are justified and if there's enough evidence for a good case," he added.

Cases which the Revenue Department feels are justified, Carpenter said, will be turned over to county attorneys for prosecution.

The revenue director said he feels there's a sizeable number of Missourians still not paying state income tax but it's impossible to tell how many. Without some idea of the number, he said it's difficult to say how much revenue the state is missing.

Missouri employers are required to send the state a report of the pay of their employees. Carpenter said some 58,000 employers complied with the law this year and his office is checking to determine what employers failed to file the informational returns.

From those returns the revenue department will be able to tell who didn't file state income tax returns, he said.

The penalty for wilfully failing to file an income tax return with intent to evade the tax is a fine of up to \$1,000 or up to one year in jail. Those who fail to file without intent to evade face interest penalties.

## UMW Pickets Ordered Out Of Mine Area

WHITESBURG, Ky. (AP)—United Mine Workers pickets were ordered home Thursday a few hours after a federal court issued a second temporary restraining order against the union.

Coal operators hailed the action, but said they were not convinced it would end the violence which has torn eastern Kentucky's coal fields during the 54-day-old strike.

Judge H. Church Ford issued the order, good for five days, in U.S. District Court at Lexington on a petition filed by the National Labor Relations Board against UMW Districts 19 and 30. The union was directed to stop violence and mass picketing.

Ford's action followed three dynamitings and an exchange of more than 200 shots in a 24-hour period.

Ford, who previously issued a 15-day restraining order on a complaint by the Louisville and Nashville Railroad, also set a hearing Monday at Jackson. He directed the union to answer NLRB charges of violence and unfair labor practices.

A union spokesman would not say whether the withdrawal of pickets was a result of the new order.

"My orders are to remove the pickets. That's all I can say," said Matt Combs, District 30 representative.

The union is on strike for a \$2-a-day pay raise to a basic \$24.25 and a restrictive clause forbidding operators to handle nonunion coal.

The NLRB charged the restrictive clause amounts to a secondary boycott.

Montgomery Returns Home From Moscow

LONDON (AP)—Field Marshal Montgomery came home from Moscow today and apologized for saying U.S. leadership was slipping.

It was almost his first act after stepping off the plane that brought him back from two meetings with Soviet Premier Nikita Khrushchev.

"If I have caused offense to any of my friends on the other side of the Atlantic I would like to apologize unreservedly and sincerely to them," he said.

Montgomery's original remarks were made in a TV interview released as he took off for Moscow.

Britain's best-known wartime soldier looked grim as he expressed the apology.

# No Trespassing At Lake

Just in case someone may get the mistaken idea that Spring Fork Lake, the source of Sedalia's water supply, is officially opened to the public for fishing purposes Sunday, May 3, let's declare herewith—it isn't so.

The Board of Public Works by order last year posted the property against trespass. That order has not been rescinded. It has been challenged, but no court decree has been handed down yet concerning the non-validity of such an order.

A case of trespass which resulted in a hung jury nearly a year ago is still unresolved in the courts which may substantiate the premise that albeit justice moves slowly it moves surely. Many are hopeful it will move a little faster to clarify confusion about the Board of Works' authority.

If, as contended, the board in its trespass order exceeded the bounds of superintendency allowed by provisions of Water Department Ordinance 1-1201 why can't its authority be spelled out more plainly by City Council in a revised ordinance? A sentence or two would do it, and quickly, without the interminable delay of a long court test. Council also could indicate whether it approves or disapproves opening the Spring Fork Lake area for recreational purposes at this time, permitting, if it is equitable at all, not only fishing but boating, hunting, picnicking and swimming for everybody.

The Board of Public Works is of the opinion it has by ordinance full and complete control, charge and management of the waterworks system acquired by the City of Sedalia. But dissenting opinions have arisen over the trespass order which restrains use of the Spring Fork area for public fishing.

As a result we have open and furtive defiance of the board's trespass order. If this continues it can only lead to trouble.

Bellicosity, bordering on rebellion, is distasteful to those who prefer obedience to constituted authority. If constituted authority seems to be oppressive the people have a right to appeal by legal means for relief.

In the case of the Spring Fork Lake affair it appears elementary that the Board of Public Works' authority can be made more specific by an amended ordinance section if that's not too much to ask of City Council at this time. Surely this would obviate the necessity of further delay in obtaining court opinion on the moot and specialized case of trespass.

Awaiting then, either substantiation of the board's authority to restrict public use of Spring Fork Lake for recreational purposes, or circumscribing that authority, let the war whoops subside while democratic processes unfold.

### New England Boss Supports Kennedy

By DREW PEARSON

WASHINGTON — Sen. Jack Kennedy, who did a masterful job of piloting his labor bill through the Senate, has been leading the presidential polls as Democratic nominee for President. The Democrats have long contended that the polls didn't mean much when they pertained to Republicans, and now a secret letter has come to light which indicates they don't mean too much regarding Democrats.

The letter is written by John E. Bailey, Democratic state chairman of Connecticut, on the stationery of the Democratic state central committee of Connecticut, 325 Main Street, Hartford. It is written in the form of a "memo" to all delegates and alternates to the 1956 National Convention, and reads as follows:

"I understand that all delegates to the 1956 National Convention are being polled with respect to their preference in 1960.

"If you receive such inquiry may I suggest that you answer it, stating emphatically that you are for Senator John F. Kennedy—no second choice.

"This will be appreciated."

Note — John Bailey is the Democratic boss who worked with Democratic Gov. Abe Ribicoff to rule out Ex-Gov. Chester Bowles and Ex-Sen. William Benton, Democrats, for nomination to the Senate in favor of Tom Dodd who was elected. Dodd is a fine Senator. Ribicoff and Bailey were criticized for shutting out two distinguished candidates, Benton and Bowles, because they are Protestants. In Connecticut, nomination is by convention which the bosses dominate.

#### Packing The Conventions

Ed Pauley, the big California oilman and close friend of Harry Truman, is on the way to getting a grip on the Democratic National Convention to be held in Los Angeles in 1960. Pauley underwrote part of the \$325,000 expense of the convention in order to bring it to Los Angeles. Now he demands as his reward 5,000 tickets. This is enough tickets to paper the House with friends of the candidate Pauley wants to nominate. After tickets are given to official delegates, there will be 7,000 left. Of this Pauley wants 5,000.

This could mean that Pauley spectators could stage such a show for their candidate that he could stampede the convention. At the 1924 Democratic convention in New York, Al Smith forces almost stampeded him into the nomination. In Philadelphia in 1940, Wendell Willkie's friends packed the convention hall and he won.

Henry Wallace supporters seemed about to

### 'How Dry I Am'

Mississippi is the only state in the union that can still sing "How Dry I Am." Since Oklahoma voted to end its 51st year of prohibition, its sister state is the only one legally forbidding the sale of liquor.

There are still many areas in wet states where the sale of liquor is controlled by county or local option. Thirty-eight states have local option laws. In four of the local option states, the population of the dry counties outnumbers that of the wet counties. In four other states, the population in the dry counties is almost equal to that of the wet counties. In seven of the states more counties are dry than wet.

Even though Mississippi has a bone dry law, the state is collecting about \$2,000,000 per year from a black market tax levied on liquor which is brought into the state and on a special five per cent sales tax on distilled spirits.

So in Mississippi, the dries have their dry law, and the users of alcoholic beverages can buy liquor openly in well advertised cocktail lounges and by the bottle, and the state treasury collects a much needed revenue.

The ringneck pheasant, now one of the principal game birds of America, first was transplanted from the Orient in 1881.

## The World Today

### Burst of Harmony Is Not Surprising

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—There has been an unsurprising burst of harmony on both sides of the Iron Curtain.

Western diplomats in Paris Thursday, preparing to meet the Soviets May 11 in Geneva, proclaimed full agreement among themselves on what they will talk about.

Earlier this week the Soviets and their European satellites met in Warsaw and proclaimed full agreement on their side.

The trouble with both displays of harmony:

1. The thoroughly cowed Soviet satellites could hardly do anything else but agree with whatever the Soviets want to say or demand at Geneva. So this harmony was window-dressing.

2. The Western diplomats — the foreign ministers of the United States, Britain, France and West Germany — could hardly afford not to show at least an outward sign of unity before the meeting with Gromyko.

Since the Westerners have been split for months on how to handle the Soviets, this sudden manifestation of sweet reasonableness and agreements may have a large element of window-dressing in it too.

The whole thing started last Nov. 27 when Premier Nikita Khrushchev gave the Allies six months — that would make the deadline May 27 — to get their troops out of Berlin.

## Looking Backward...

### TWENTY-FIVE YEARS AGO

The Pettis County Relief and Reemployment committee voted Monday night to combine city and county relief agencies under a single organization. Clarence O. Manker, former city engineer, was named county director.

J. B. "Doc" Greer, operator of a general store at Newland, eight miles north of Sedalia, reported to local officers he was held up at his place of business and about \$20 in cash stolen by a lone bandit. Mr. Greer reported the man carried a shotgun.

Mrs. Georgie Simpson, residing on a rural route out of Sedalia, was injured when thrown from a buggy near the Jewish cemetery when the team she was driving became frightened and ran away. She was taken to Bothwell Hospital.

### FORTY YEARS AGO

Sgt. Almeron Coddling, member of the 139th Machine Gun Company, landed at Newport News, Va., from overseas and was stationed at Camp Stewart, Va. He participated in several of the important engagements at the front lines and was one of six in his company that came through without a wound.

Clay Thornton, 815 West Fourth, returned from Marshall where he attended the funeral of Judge Thomas Phillips, a former Pettis County judge, and a brother-in-law of Mr. Thornton.

E. E. Hanna, superintendent for the Katy, and M. I. Lieberman left for New Franklin and Hannibal to attend safety committee meetings.

He also wanted peace treaties signed with East and West Germany. But West Germany is linked with the Allies; the Allies would like to see all Germany linked with them; and therefore they have called for a united Germany.

Since in any free elections the West Germans doubly outnumber the East Germans, the result would be a united Germany that was pro-West. Khrushchev has said he would never let Communist East Germany get away.

All this adds up to a handsome set of difficulties in any negotiations between the West and the Soviet Union.

Western diplomats at Paris announced they had agreed on a package plan including these points:

Allied determination to stay put in Berlin until reunification between East and West Germany is achieved and a plan for controls,

inspection and limitation of armaments in central Europe is worked out.

What isn't known is what the Allies will settle for — if anything — if the Soviets reject the package plan and insist that the Allies get out of Berlin.

So far the Allies have been on the defensive, put there by Khrushchev's November demands. And so far they haven't been able to think up anything to put him on the defensive. Up to now, therefore, the advantage has been all his.

Since the Geneva meeting later this month is supposed to be a preliminary and stage-setter for a summit meeting later, quite possibly both sides, while agreeing on nothing, will be on their good behavior.

A summit meeting would seem impossible if the foreign ministers at Geneva began the usual East-West program of mutual recriminations and denunciations.

### There Is No Royal Road To Quick Stock Profits

By FAYE HENLE

You have read the warnings sounded by the nation's major stock exchanges, by big member firms, by the Securities and Exchange Commission against buying common stocks on tips and rumors. These are amber signals.

Simultaneously, hardly a day passes without someone telling you of the profits they are making in "the market." (Some of these may be paper profits that never will be realized.) Also, you hear it repeated that the purchase of common stocks is your one big hedge against the loss in purchasing power of your dollar.

In the face of these conflicting sentiments I asked an official of the New York Stock Exchange, "What can people do?"

"What worries us," he replied, "is the blind faith people are pinning on the market for quick profits."

To illustrate, he told that a securities salesman recently reported that a client phoned and placed an order for a stock the salesman never had heard of. When he asked his client what he knew about the company, the client replied that he knew nothing and wanted to waste no time in research. He wanted to buy.

Agreed that none of us should buy on rumor, the question is this: how to select stocks to fulfill the sound objectives of making one's dollars grow?

Remember the recent tale of a man on relief who simply exercised "horse sense" and pyramid relief dollars into a tidy sum that yielded a comfortable income? It can be argued that lady luck was on his side and that anyone can make money in a rising market. Is this really so?

Listen to what the current issue of The First National City Bank's monthly letter reports:

At the end of 1958 more than one-third of all common stocks listed on the New York Stock Exchange—and we are pretty certain this would be true of the regional exchanges — were selling below their 1946 highs.

It took 16 of the 30 stocks, in the current Dow-Jones industrial average, more than 20 years to get back to their 1929 highs. Four of the stocks haven't made it yet. At current prices, stocks of

many well-known companies are selling at prices yielding 2 to 1/2 per cent and less. Purchases at such prices can be rationalized by the shrewd investor on a basis of anticipated dividend increases. However, this involves either a long waiting period for a substantial return, or optimistic expectations for the future.

When measuring gains of stocks allow not only for the general rise in prices but also for the capital gains tax.

The value of stocks must reflect in the long run the earning power of business. This earning power of business is vitally affected by government policies on taxes, controls, etc.

Rising business profits and dividends do not always follow higher consumer prices. In Great Britain during 1946-50 when the Labor Party was in power and taxes were high and government controls rigid, though the cost of living rose nearly 22 per cent, the prices of industrial shares dropped 17 per cent.

Finally, says this astute letter: "Using common stocks as an inflation hedge would prove futile if everyone tried it. Shifting to equities would develop accelerating advances in their prices to a point where collapse from over-

### Letters to Editor

Mrs. Robert E. Burns (Washington state) — We were born and raised in Sedalia and came to Washington years ago. Last Sept. 20 my brother Clayton Harner vanished and no trace of him to this day. He left a bank account, car, all his clothes and his pay check and took nothing with him. He may have gone back to Sedalia. My mother is getting up in years and is worrying herself to death and we would like to have some word about him. (Editor's note: Anyone having information about Mr. Harner may contact the editor of the Sedalia Democrat for possible communication with Mrs. Burns.)

## Leading From Weakness

### Minor Diplomatic Miracle Be Welcome to Herter

By JOSEPH A. DEAR  
Of Our Washington Bureau

WASHINGTON — The United States will be leading from weakness at the Geneva foreign ministers conferences unless Christian Herter begins his career as Secretary of State with a minor diplomatic miracle.

Herter is now in Paris to devise a common strategy for the West to follow at the foreign ministers' conference May 11. This conference will set the tone for the great meeting at the summit. And the outcome of that affair could settle the destiny of us all.

Herter's immediate task is to stiffen the anti-communist alliance. Because of the state of their economy, the British are talking compromise. De Gaulle sounds doughty, but because of the Algerian cancer, France is no better prepared to meet any Russian generated crisis than Britain.

Algeria is the forgotten hot war. It is a war of raid and reprisal, terror and torture.

Since 1954, over 300,000 Algerians have been killed or totally disabled. More than 300,000 have fled as refugees to Tunisia or Morocco. French casualties are about 10 per cent those of the Algerians. To put the matter in perspective, Algeria has proved more costly than Korea.

Because of Algeria, France is in no position to honor its commitment to NATO. Half a million of the best troops France has are fighting in Africa.

There is nothing to suggest they are any nearer success now than they were five years ago. In fact, the argument can be made that the position of France is worse. For as Fidel Castro has demonstrated, a revolutionary movement tends to gain in power merely by existing.

Algeria is complicating Franco-American relations. Normally, the sympathy of the United States

would go to the rebels. They are fighting against repression, for self government.

Unfortunately for them, they are fighting Lafayette and Bridget Bardot. If the Algerians were rebelling against Communist rather than French imperialism, the problem facing Herter would be simpler.

As it is, part of the military aid we give France is siphoned off to Algeria. This is not its intended use. France gets military assistance because it is vital to the anti-communist front.

If the Algerians win out in the end, the United States will have little reason to anticipate gratitude from them. In addition to supplying arms to the French, we also have supported their efforts to keep the Algerian question off the United Nations agenda.

At the last session of the U.N., the United States for the first time in the history of the dispute, took no side. Our delegation did not speak, lobby, or vote against the motion to consider the issue.

For this negative help the Algerian rebels were grateful. As of now, they are not even objecting to our supplying arms to the French. All that they ask is that we deplore the diversion of weapons to Algeria.

That would irritate the French no end. They regard Algeria as an integral part of the nation. Advice from any quarter is considered an intrusion in domestic politics.

Yet nothing would stiffen the French posture more than an Algerian settlement. Obviously, a settlement is unlikely. It follows, therefore, that a diplomatic miracle may be beyond Secretary Herter's reach.

That means the United States probably will be leading from weakness at the foreign ministers' conference. But there is a compensating factor: perhaps the Russians will too.

## Ruth Millett Says

### Man Doffs Hat to Make Himself Superior? Posh!

Some researchers have come up with the verdict that when a man takes off his hat as a woman enters an elevator he is demonstrating a feeling of superiority and is actually putting the woman in a place which he feels is inferior.

I'm so sorry to hear that. Because every time a gentleman extends me such a simple little courtesy I don't feel inferior, I just feel pleased.

It doesn't do my ego one bit of good to have a man keep on his hat when I get on an elevator, sit at his desk instead of getting to his feet when I enter his office, push ahead of me when I'm in a line, whizz right past when my car is stalled on the side of the road, or fail to jump to his feet with a "Here, let me do that" when I start to move a chair.

Maybe such behavior on a man's part is a compliment to my equality.

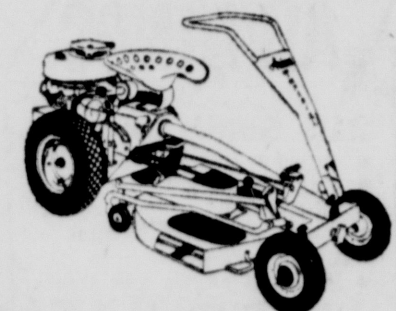

In spite of the researchers' report, I doubt it. I think it is more likely that he isn't taught the small but important courtesies when he was young, or that he's too lazy to bother with gentlemanly gestures, or that, worst of all, he hasn't noticed that I AM a woman.

And I expect 99 women in 100 feel the way I do. We'll never believe that a man's small gallan-

evaluation would almost certainly ensue.

When those really in the know flash these warning signals it is high time we stopped, looked, listened and moved only on the advice of a proven expert.

# Aleshire Must Win Saturday To Keep CMRA Point Lead

## Taylor Trails By 15 Points In Hot Duel

Saturday night's race at Sedalia's Thunderbowl Speedway looks as a big one for Torrid Torch Aleshire, the Moberly meteorite. Torch, currently the leading driver in the Central Missouri Racing Association, must win if he's to keep his present 15 point lead over runner-up Ken Taylor of Slater.

Hot laps for Saturday night's race are slated to get underway shortly after 7:30. Time trials will commence at 8 o'clock. The first race at the Thunderbowl drew 38 cars, but track officials estimate that 45 of the top modified stock car drivers will be on hand with their sleek, hopped up machines this week.

Aleshire, the winningest driver the CMRA has ever known, suffered through one of his most unsuccessful seasons in 1958 and is battling to regain the prestige which he built up through nine racing seasons. After winning the first two weeks at Marshall, the 40-year-old veteran hasn't won any of the three features held since. However, he came within a few yards on Taylor on the home stretch of the last lap in the crowd-pleasing opener at the Thunderbowl last Saturday.

Still, Aleshire ranks as the circuit's top driver with 705 points, followed closely by Taylor with 690. Aubrey Techemeyer continues to surprise the field with his excellent driving. Not even in the top ten last season, Techemeyer is a strong third at present with 650 points. The Hibbard brothers—Russ and Roy—are tied for fourth and fifth places with 500 points apiece. Harold Cromley has 495.

Columbia's Walter Sorrels, after missing the season's first race, is starting his move toward the leaders. The lead-footed flyin' junkman has 365 points after finishing a close second in the feature at Marshall Sunday.

In last week's action accidents inflicted heavy damage to the cars driven by Taylor, Aleshire and Roy Hibbard. Also, Sedalia's Don Cooper, driving a new modified, was knocked out of action with a broken frame.

During the week mechanics have worked long hours to get the cars back in shape and all will be in action at the Thunderbowl on Saturday night.

**Current Point Standings**  
1. Torch Aleshire, Moberly 705.  
2. Ken Taylor, Slater 690.

5. Roy Hibbard, Marshall 500.  
6. Harold Cromley, Marshall 495.

## Tiger Track Field Squad Swamps Rolla

The Smith-Cotton track and field squad won nine first, nine second, and nine third places Thursday to swamp the Rolla Bulldogs, 81-32, in a meet held at Rolla.

The Tigers swept three events—the 440 dash, the mile run and the 880 run. Melvin Brown copped the 440 in 54.9 seconds with Bob Vedder second and Doug Gilpin third. Dennis Houk raced home in the mile in 4:52.5, followed by Cliff Chappell in 4:57 and Jim Kresse in 4:57.3. Dennis Houk captured the 880 in 2:12.1, with James Hausam, a lanky sophomore, placing second in 2:13 and Terry Lynn third in 2:13.1. This was Hausam's first attempt in the 880.

The Bengals had their best day in the high jump that they have had in several years when a pair of sophomore lads, Charles Case and Charles Daugherty, both cleared five feet, seven inches. Case was well over the bar on his tries at 5-8, but barely clipped it with his trailing leg on his last two efforts.

Gary Holderman and Brown were not pressed in the pole vault and decided to quit after each had cleared 11 feet 1½ inch with several inches to spare. Holderman cleared 11-8½ earlier this week against Columbia, but Brown's 11-1½ was his best performance of the season.

Jack Benner, running against the wind, turned in fine performances in both the 100-yard dash and the 220-yard dash. He copped the 100 in 10.5 seconds and the 220 in 23.9.

Clell Furnell and Case took second and third, respectively, in the low hurdles as they were outclassed by Rolla's fine hurdler, Britton, with a time of 21.5. Since the Tigers travel to Warrensburg Saturday for the district qualifying meet most of them were instructed by the coaches to save their energy as much as possible by just running to win, rather than run against the clock.

**Summaries:**  
120 High Hurdles—First, Britton, Rolla, 17.5; second, Clell Furnell, Smith-Cotton; third, Bob Vedder, Smith-Cotton.

## With Intra-Squad Tilt

## MU Gridsters Will Close Spring Drills

COLUMBIA—Mizzou footballers close out spring practice in a final intra-squad game here Saturday afternoon—and Coach Dan Devine's battle plan is fairly obvious.

He intends to get plenty of mileage out of the top 22 warriors who, it is hoped, will carry most of the load against 1959's rugged opposition.

Kickoff is set for 2 p. m., and from his roost in the press-box, Devine will look on as the Black squad—his nominal first-stringers—bust helmets with the Gold, or No. 2, unit.

The scheme is to match these two outfits over the first nine minutes through three quarters—with their alternates playing out the final six minutes in each period.

"Each squad then will play the final quarter, as the coaches see fit," Devine promises, "with substitutions dictated by game strategy."

To all intents, the black-jerseyed starters—with one or two variations—will be identical with the all-lettered lineup Devine names for the Penn State opener here on Sept. 19.

Phil Snowden, seasoned quarterback, will direct a backfield that has Mel West and Norris Stevenson at the halfbacks, and Jim Miles, fullback.

The roll-call of linemen wearing the varsity Black is familiar, too: Ends—Dale Pidcock and Russ Sloan; tackles—Bill Wegener and Mike Magac; guards—Bill Vanderlinde and Rockne Calhoun; and center—Tom Swaney.

Come autumn, though, end Danny LaRose and fullback Ed Mehrer—both sophomore regulars in '58—could change that alignment. LaRose, due to play for the Gold squad Saturday, has been held out of contact work all spring following a knee operation.

Mehrer and Bob Haas—Snowden's understudy last fall—are regulars on Coach Hi Simmons' baseball team.

The Gold squad features three lettered backs—Fred Brossart, Don Smith and Roger McCoy—with Ron Toman, 1958 reserve, quarterbacking the attack. But the Gold line is largely inexperienced.

It will have: Ends—Gordon Smith and LaRose; tackles—Ed Blaine and Joe Rittman; guards—Paul Garvis and Paul Henley; and center—Joel Case.

Obviously, Snowden and West give the Black shirts a definite attacking edge. Snowden is poised at the controls and the squad's top passer and punter. West, 12th nationally among the nation's ball-carriers last fall, is a gifted climax runner who with Stevenson represents most of the squad's speed.

At halftime, Charlie Rash—graduated guard—will stage a place-kicking exhibition. During his varsity career, the Shelbina standout kicked 50 of 55 extra-point tries.

## Tigers Take District Crown 4-0 Win From Green Ridge

Coach Russ Gilmore's Smith-Cotton Tigers blanked Green Ridge, 6-0, and won the district baseball championship at Liberty Park Thursday afternoon behind the four hit hurling of southpaw Mike Hanigan.

The victory gave the Bengals the right to meet the winner of the North Kansas City district in a district play-off game which will be played at a date yet to be set at Liberty Park. The Tigers continue action today against the Mexico Bulldogs in a Central Missouri Conference tilt at Liberty Park.

The Tigers did all their scoring in the first three innings in posting the win over Green Ridge.

## Baseball Practice

Anderson Babe Ruth baseball team will have a practice at 1:30 p. m. Saturday at Central Park.

In the first, Smith-Cotton jumped out to a 2-0 lead, and came back with three more in the second.

In the second, Decker lofted a high pop fly to short, but the ball for an error. After Richard Wertz fanned, Decker stole second and later scored when the centerfielder bobbled the ball, and scored on Bobby Garrison's two-out single to left.

Smith-Cotton got help from the Green Ridge catcher, Street, in the three run third. Street twice was charged with interference with the batter, putting both on base.

Hanigan went the distance in Green Ridge shortstop dropped hanging up his first win of the season. The Tigers collected only five hits off loser Pete Smith, with second baseman Tim Morgan leading the attack with a double and single. Street got two of the four hits off Hanigan, both

## Chester Yearns For Torn-Shirt-Lover Days

By Erskine Johnson  
NEA Staff Correspondent

HOLLYWOOD — You never would have guessed it, but Dennis Weaver once wore a torn shirt, rippled his muscles and crushed Shelley Winters in his arms as a fiery summer stock "Marlon Brando" in "A Streetcar Named Desire."

Now brace yourself, because I do mean the drawlin' girl-shy Chester Good of "Gunsmoke" TV fame.

And what's more, Dennis has his fingers crossed about again having a girl in his arms as a "Chester Bad" some day.

After four years of drawling and limping on cue, Dennis knows, like everyone else, that "Gunsmoke" can't go on forever. Besides, he didn't come to Hollywood to make coffee as Jim Arness' Man Friday in the first place.

He left his home town of Joplin, Mo., to study acting in New York, to play light comedy on live TV and then to be groomed for movie stardom as "another Jimmy Stewart" by Universal-International Studio.

That movie star grooming of Dennis Weaver, who doesn't limp and who doesn't drawl and who is as bright as a 1959 silver dollar, is our story for today.

In 1951, Dennis and a number of other young people under contract to U-I were students of what the studio called its "Million Dollar Talent School." One of Hollywood's best drama coaches, Sophie Rosenstein, was in charge until her death. But what the studio didn't know was that its talent school idea was like the studio building an H-bomb to drop on itself.

Before anyone really knew it, the studio was so hard hit by TV competition that all of the young students were released from their contracts. And into TV all of them rushed. Today the "graduates" (by dropped options) of the studio's school include:

Dennis as Chester on TV's "Gunsmoke;" Hugh O'Brian as TV's "Wyatt Earp;" David Janssen as "Richard Diamond" on TV; Jack Kelly as TV's "Bart Maverick;" Guy Williams, star of TV's "Zorro;" Russell Johnson, the star of TV's new "Black Saddle" series, and Lori Nelson, one of last season's "How to Marry a Millionaire" leads.

The studio's final blush about it all came when Orson Welles, filming "Touch of Evil" as a movie there, saw Dennis as Chester on TV one Saturday night and

**TURKISH DELIGHT**—Turkey's Elvis Presley is 27-year-old Zeki Muren, who's enchanting an admirer over the phone in his plush Istanbul bedroom. Zeki shook up the Turkish entertainment world by wearing gaudy costumes and dancing on stage while singing his songs. His earnings: \$250,000 a year.

hired him on Monday for a role in his film. Dennis still laughs about that:

"For the one role the studio had to pay me six times what they paid me during the entire year I was under contract there."

But that's Hollywood, Mrs. Jones.

And it is also Hollywood that Dennis isn't one bit sorry about playing slow-witted Chester for four years — the role has meant big money for him — but a fellow has to look ahead when there is no "Gunsmoke" and return to being the leading man Hollywood classified him as in the first place. So just for the fun of it, Dennis is about to record a song titled "Girls," just to remind people that he really isn't one bit shy about them. As the opening lyrics say:

"Girls was made to be loved,  
"Girls was made to be kissed."

Dennis, singing in the character of Chester, may not be another Pat Boone — "I have sort of a plinky voice," he chuckles — but at least he will be as "sincere"

as Pat. And sincere he is about getting back some day to being Dennis Weaver without the limp and without the drawl.

Married and the father of two, Dennis' TV click has left him able to pay \$150 a month just to send out fan photographs and invest in ownership of a bowling alley and a Palm Springs hotel along with several other TV stars. One of these is his old friend from U-I's drama school, Hugh O'Brian.

One day between classes at the school, O'Brian laughed to Dennis:

"We'll probably play a lot of brothers in U-I films."

Dennis Weaver and Hugh O'Brian haven't played brothers — but they are playing partners in Successville.

### Smoke But No Fire

STERLING, Ill. (AP) — Where there's smoke there is fire didn't prove out for Sterling firemen who chased a smoking truck down the street.

The truck had blown a head gasket and the engine was burning oil.

## Matter of FACT

During its 2,700-year history, the city of Istanbul, Turkey, has had four names. It was founded about 660 B.C. as the Greek colony Byzantium. In 330 A.D., after it was taken over by the Romans, Emperor Constantine made the city the capital of the Roman Empire and called it Nova Roma (New Rome). After his death the city was renamed Constantinople in his honor. In 1923, when Turkey became a republic, the name of the city was changed to Istanbul.

## Spain's Top Gymnasts Among 28 Killed

MADRID, Spain (AP)—Five of Spain's top gymnasts were among 28 persons killed in the crash of a Spanish airliner on a hill near Madrid Wednesday.

The twin-engine DC3 of the government-owned Iberie Airline was en route from Barcelona to Madrid. Officials blamed bad weather for the crash.

The gymnasts, bound for a meet in the Canary Islands, were Joaquin Blume, European champion; Olga Sole; Pablo Muller; and Jose and Ruy Aguilar. Blume's wife also was killed.

## Vote Carried Too Far

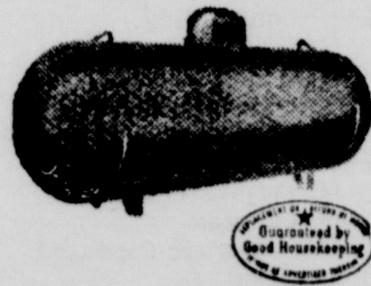

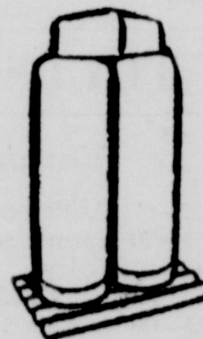

WINSTON-SALEM, N.C. (AP)—Some of the candidates in the student election at Wake Forest College Tuesday had some strong support. But things were carried a little too far.

It developed in the vote count Wednesday that 37 more ballots were cast in the races for vice president and secretary than the ents. And votes were listed for 21 persons no longer in school.

The student elections committee decided there will have to be another election next week.

## Benson Still in Control

### Ike's Veto Upheld by 4 Votes in House

WASHINGTON (AP) — By four votes, House Democrats failed Thursday in an all-out bid to break President Eisenhower's six-year record of never having a veto overridden by Congress.

Eisenhower promptly voiced deep gratification for the 280-146 vote by which the House sustained his veto of a bill that would have taken from Secretary of Agriculture Ezra Taft Benson the power to pass on rural electrification and telephone loans. Benson said he was pleased, too.

With an exceptionally heavy total of 426 votes, the Democrats needed 284 votes to pass the bill over Eisenhower's veto. But they fell four votes short of the two-thirds majority required. Two days ago, the Senate voted to override, 64-29.

In all, 274 Democrats and 6 Republicans voted to overturn the veto, while the Republicans mustered 142 of their own votes and 4 Democrats in support of the President. There was no debate.

Since Eisenhower entered the White House in 1953, he has rejected 138 bills, including the rural electrification measure—and all 138 vetoes have stuck.

Democrats, with their heaviest Senate and House majorities in years, decided the rural electrification bill provided a vehicle to break that string.

But in the last analysis, Republican party discipline proved to be stronger in the House. GOP leaders were able to persuade 9 of 16 members who had voted for the bill originally to switch in favor of sustaining the veto. Only 1 of 5 Democrats who originally opposed the bill changed sides today.

In planning strategy for the test, Democratic leaders counted on Benson's unpopularity among some farm state congressmen of both parties to help their cause.

And they figured that by showing they could override an Eisenhower veto, they might pave the way for similar action later if the President turns down key Democratic-backed legislation carrying spending authority bigger than he is willing to accept. In this group are bills dealing with housing, depressed areas and airport aid.

## Frank L. Kucera Takes His Life Near Versailles

Frank L. Kucera, 59, was found dead of a self-inflicted bullet wound at the home of his brother, Charles Kucera, seven miles north of Versailles, about 10:30 a. m. Thursday.

The body was found by Charles and his wife when they returned home from a business trip to Versailles. They notified Morgan County Sheriff J. T. Hull, who, with Dr. J. Loren Washburn of Versailles, went to the scene. Dr. Washburn pronounced Kucera dead upon arrival. Sheriff Hull, acting in the capacity of coroner, ruled death was due to a self-inflicted bullet from a .22 caliber rifle. The bullet struck Kucera in the head. Time of death was estimated at 9:30 a. m.

Kucera had been despondent due to ill health since suffering a severe stroke about a year ago. He had been a patient at the Veterans Hospital, Little Rock, Ark., several times during the past year.

Mr. Kucera was born Sept. 14, 1899, in Pine County, Minn. He never married.

He served as a rifleman in the infantry during World War II. He had made his home with his brother near Versailles for the past several years.

He is survived by four brothers, Joe Kucera, Pine City, Minn.; James Kucera, Hot Springs, Ark.; Thomas Kucera, Monticello, Minn.; and Charles Kucera; three sisters, Mrs. Mary Blazey and Mrs. Rose Kryzer, both of Pine City; and Mrs. Agnes Kryzer, Minneapolis; and several nieces and nephews.

The body was taken to the Kidwell Funeral Home, Versailles, where it will remain until Sunday morning when it will be sent to Minneapolis for burial Monday in the Fort Snelling National Cemetery.

SENTENCE TO DEATH—Convicted as an informer for the Batista police, Havana school teacher Olga Herrera Marcos sits in the Military Tribunal Court at La Cabana Fortress in Cuba waiting to hear her sentence—which was death. (AP Wirephoto).

## Panama Guardsmen Hold Fire Pending Mediation

PANAMA (AP)—National Guardsmen were ordered to move up to the town of Nombre de Dios Thursday for the first full-scale

attack on a band of Cuban-based invaders holed up inside. But they were called back to let a team of neutral observers get in first.

### The Safe Opened at 3

## Two Bandits Ho'dup Bank At Hale, Mo.

HALE, Mo. (AP)—Two bandits robbed the Merchants Bank of Hale of between \$15,000 and \$20,000 Thursday and about 90 minutes later the Missouri Highway Patrol arrested two men.

Sheriff Alex Goodson Jr., who made the estimate of loss, said one of the arrested men had \$3,500 in his pocket and the packet carried a Hale bank marker.

Keeton told officers the rest of the money was hidden under the floor mats of the car, the sheriff said. The gun and work clothing used by the bandits was hidden in a wooded area near Hale, he quoted Keeton as saying.

The two were taken to the county jail at Carrollton.

Picked up by two rookie highway patrolmen, B. F. Patchen and C. L. Meyer five miles south of Chillicothe, Mo., the two men were taken to the Hale bank.

Sheriff Goodson said partial identification was made by some of the persons who were in the bank at the time of the holdup.

He said the men gave their names as Jack Thomas Keeton, 28, of Independence, Mo., and George Junior Davis, 35, of Kansas City.

The sheriff said Keeton had the \$3,500 but claimed he had won it in a poker game.

The two men, both unmasked, and about 35 years old, forced the cashier and two employees into the vault and then tied up two customers and left them in the basement.

They fled this north Carroll County town of about 500 in a green and white Oldsmobile. Cashier Delbert Turner said the men took currency in the drawers and in the safe but did not take silver. He said he did not know how much was taken.

Employees in the bank were Mrs. Opal Bingham and Mrs. Opal Wimmer, both bookkeepers. As the two bandits entered only one of them drew a gun.

"First they made us all lie down on the floor," Turner said. "And I mean flat, too. The bandit holding the gun told us not to look around and we didn't."

"They got what money there was in the cash drawers and then they made us get up and go into the vault."

Turner explained that the safe door was set on time lock to open at 3 p. m. It opened while the men were there giving them access to most of the money on hand.

While Turner and the two employees were in the vault, two customers came in the bank. They were Mrs. Harold Burnside and Dick Guilford. The bandits ushered them down into the basement of the bank and tied their hands together with a scarf.

After the bandits had gone, Mrs. Burnside and Guilford freed themselves. On instructions from Turner they opened the vault door to free the three prisoners.

## Youth Gets Credit For Saving Four

### Spread Fire Alarm To Occupants Of A Blazing House

Archie Pritchard, 8, was credited with saving the lives of four persons when he was awakened by fire near his bed and spread the alarm through the house at 1114 East Seventh, at 11:37 p. m. Wednesday.

The boy was asleep on a bed in an upstairs hall when he awakened to see fire along the ceiling on the west wall. He jumped from his bed and aroused Mrs. Richard Allen Bennett, Sr., and Mrs. Kay Honeypole who were asleep in two bedrooms upstairs.

He then ran downstairs and awakened Mr. and Mrs. W. E. Bennett.

Mrs. Honeypole grabbed her five-year-old daughter, Karen Rae, while Mrs. Richard Bennett grabbed her two-month-old son, Richard Allen Jr., and dashed for the lower part of the house.

Before the fire companies arrived, the flames had broken out and spread through the upper part of the residence. As the East Sedalia company came up Seventh Street from Montgomery, a line of hose was laid out and two leader lines were used to battle the fire which was spreading rapidly.

Those in the second floor rooms barely escaped with what clothing they could carry and all rushed into the chill of the night air in their bare feet.

During the height of the fire, W. E. Bennett went back into the house and rescued the family pet dog.

Fire Chief Emmett Vaught estimated the damage to the house at \$3,000 and to the contents \$1,200. Chief Vaught reported he believed the fire originated from defective wiring.

## Ford Official Breaks Ground For Building He's Giving to Drury

SPRINGFIELD, Mo. (AP)—Ernest R. Breech, chairman of the Board of the Ford Motor Co., broke ground Thursday for the new \$450,000 building he is presenting to his alma mater, Drury College.

The building of 10 classrooms, faculty offices and an auditorium seating 250 persons will house the Breech school of business administration. It will be at the entrance to the campus, just across the street from another \$450,000 structure, the Walker Library which is nearing completion.

Breech, who grew up in Lebanon, Mo., was here with his wife, his son and his mother. He made a brief talk at the ceremony at which Dr. James Findlay, Drury president, handed him a chrome plated shovel. With the tool he turned the first spadeful of earth.

### AWARD LAKE CITY ARSENAL \$11,039,316 FOR AMMUNITION

WASHINGTON (AP)—The Army told Sen. Stuart Symington (D-Mo) Wednesday it was awarding an \$11,039,316 contract to Remington Arms Co. for ammunition production at Lake City.

## 'Yard of the Month' Plans Laid; Out-of-Town Judges Selected

A committee of Chamber of Commerce members will be looking over yards of Sedalia the first week of each month May through August selecting those that they feel are the most beautiful and outstanding in each of the four sections of town. These addresses will then be turned over to out-of-town judges who will do the judging sometime the next week.

Attending the meeting were: Mrs. Emory Bowman, Mrs. John Gottschamer, Mrs. Ralph Hamlin, Mr. and Mrs. Undrill Renshaw, Mrs. Samuel Maddi and Mrs. John Zulauf. ## History Of Symphonies To Be Given

The third of a series of listening concerts at the Sedalia Public Library will begin a series of four sessions aimed at helping the concert-goer to know something about the history and development of the symphony. Russell Maag will give a brief synopsis at the beginning of the program concerning the history of symphonic writing, and the two works for the listening portion of the program will consist of a performance in stereo-phonous sound of Haydn's "Military Symphony," performed by the Vienna State Opera Orchestra, Mogens Woldike, conductor. The second work will be the famous Symphony No. 41 in C Major, "The Jupiter," by Mozart, performed by the Royal Philharmonic Orchestra, Sir Thomas Beecham, conductor. These two works will show the finest writings of Haydn and Mozart and the style of their best writing.

In the following concerts, listeners will hear works by Beethoven, Brahms, Tchaikowsky, Mendelssohn, Franck, to illustrate the highest development of classical symphonic writing and the final concert of the symphonic sessions will feature modern contemporary writings by Strauss, Hoenegger, Stravinsky, Walton and Hovhannes.

The public is cordially invited to attend the concert in the auditorium of the library. The concert to begin at 2:30 p. m. There is no admission charge.

The official answer is that there isn't any fallback position. "We are not going to Geneva with the idea of falling back," the American spokesman said. "Our discussion was limited to the position with which we will go to Geneva."

But reliable informants said the Western ministers did talk about alternatives proposals. Some reported the ministers were prepared to discuss a separate Berlin settlement if the over-all package is turned down.

The meeting marked Herter's first work abroad as Secretary of State. There was praise from all sides for the man who succeeded John Foster Dulles.

The secretary plans to fly back to Washington Friday night.

Then three of them—U. S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and West German Foreign Minister Heinrich von Brentano—met for an hour in a secret huddle at the U. S. Embassy. The three wouldn't say a word of what they talked about.

The fourth, French Foreign Minister Maurice Couve de Murville, couldn't make it. He was tied up in a debate in the French Parliament.

Later the ministers had a half-hour talk with Paul-Henri Spaak, Belgian secretary general of the North Atlantic Treaty Organization. Spaak said this meeting was arranged to fill in the NATO Alliance on decisions taken at the four-power conference.

The conference wound up shortly after noon, though it had been expected to run through Friday and perhaps Saturday.

The ministers announced they had agreed on all parts of a sweeping package plan, including a reiteration of Western rights in Berlin, for presentation to the Soviet Union at the East-West foreign ministers conference in Geneva.

Details of the package plan were shrouded in secrecy that a U. S. spokesman said would be maintained until the opening of the Geneva conference May 11.

Other Allied sources said the agreement was reached swiftly because the British revised considerably their pet plan to set up "a zone of reduced tensions" in central Europe.

The air of sweetness and light, however, does not necessarily mean that all is well.

Few if any Western diplomats expect the Soviets to accept the Allied package. So the big question is: To what position does the West fall back if and when the Soviets turn thumbs down?

where backyards can be seen may seem to have an advantage, but last year's judging proved that the majority of winners won on what could be seen only from the front.

Since this is for the purpose of creating a beautiful city that tourists and visitors might be impressed with and remember, it must be beauty and color that people can see as they drive by.

## In Full Agreement on Plan

## Four Ministers End Pre-Geneva Meeting

PARIS (AP)—Four Western foreign ministers, winding up their pre-Geneva meeting in unexpectedly quick time, proclaimed full agreement Thursday on a plan to break down cold war tensions in Europe.

Then three of them—U. S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and West German Foreign Minister Heinrich von Brentano—met for an hour in a secret huddle at the U. S. Embassy. The three wouldn't say a word of what they talked about.

The fourth, French Foreign Minister Maurice Couve de Murville, couldn't make it. He was tied up in a debate in the French Parliament.

Later the ministers had a half-hour talk with Paul-Henri Spaak, Belgian secretary general of the North Atlantic Treaty Organization. Spaak said this meeting was arranged to fill in the NATO Alliance on decisions taken at the four-power conference.

The conference wound up shortly after noon, though it had been expected to run through Friday and perhaps Saturday.

The ministers announced they had agreed on all parts of a sweeping package plan, including a reiteration of Western rights in Berlin, for presentation to the Soviet Union at the East-West foreign ministers conference in Geneva.

Details of the package plan were shrouded in secrecy that a U. S. spokesman said would be maintained until the opening of the Geneva conference May 11.

Other Allied sources said the agreement was reached swiftly because the British revised considerably their pet plan to set up "a zone of reduced tensions" in central Europe.

The air of sweetness and light, however, does not necessarily mean that all is well.

Few if any Western diplomats expect the Soviets to accept the Allied package. So the big question is: To what position does the West fall back if and when the Soviets turn thumbs down?

The official answer is that there isn't any fallback position. "We are not going to Geneva with the idea of falling back," the American spokesman said. "Our discussion was limited to the position with which we will go to Geneva."

But reliable informants said the Western ministers did talk about alternatives proposals. Some reported the ministers were prepared to discuss a separate Berlin settlement if the over-all package is turned down.

The meeting marked Herter's first work abroad as Secretary of State. There was praise from all sides for the man who succeeded John Foster Dulles.

The secretary plans to fly back to Washington Friday night.

## Meany Backs Any Decision Of Committee

### Present Contract Signed in 1956 to Expire on June 30

NEW YORK (AP) — The Steelworkers Union served blunt notice Thursday it intends to press for "substantial wage increases" in contract talks starting Tuesday with the Big 12 steel companies.

The proposed increases were among several basic objectives approved unanimously at a meeting of the union's 171-member Wage Policy Committee.

No amounts were specified. The present average wage of the steelworkers is \$3.03 an hour.

A shorter work week and improved vacations were among other objectives listed.

The policy committee's action reinforced the union's earlier rejection of an industry proposal for a one-year freeze on wages and benefits to hold the line against inflation.

The industry, in turn, has rejected a union counterproposal that inflation be fought by freezing steel prices.

Both sides took their positions in the face of a hint by President Eisenhower last month that he would not stand idly by if wage negotiations led to price increases in steel.

The President's interest in the talks stemmed from steel's position as a basic industry and the effects that changes in its wage and price structure can have on the general economy.

The union, the 1,200,000-member United Steelworkers of America, headed by David J. McDonald, will go into the contract talks with the backing of George Meany, president of the AFL-CIO, the parent organization.

Meany addressed the Wage Policy Committee session and pledged "complete cooperation of the AFL-CIO" in any wage contract program the committee might decide upon.

The present three-year contract signed in 1956 after a 34-day strike expires June 30. It provided benefits starting at 21½ cents the first year and climbed to 62½ cents this year. Steel prices were increased in 1957.

### Condition is Good

## "The Thing" Is Removed From Godfrey

NEW YORK (AP)—Radio-television star Arthur Godfrey Thursday underwent a five-hour lung cancer operation in which part of his left lung was removed. His condition was termed good.

Surgeons said he withstood the operation well, but made no statement as to whether he could be considered cured.

They did say, however, it will be at least two months before Godfrey can return to work and that it is impossible to say now whether he can return to a normal schedule.

In response to a series of written questions submitted by newsmen, his surgeons said nothing could be said at this time as to the chances of the cancer spreading.

The cancerous tumor — which Godfrey had called "the thing" — was located in the upper lobe of his left lung. This portion of the lung was removed.

Godfrey's wife, Mary, and a number of reporters were at the Columbia - Presbyterian Medical Center during the long surgery. Godfrey entered there Monday for preliminary tests and immediately began receiving thousands of messages from well-wishers across the nation.

In nearly 30 years of broadcasting, the 55-year-old entertainer and master of ceremonies became one of the top stars of radio, and in recent years on television.

The American Cancer Society, in a 1959 publication on "cancer facts and figures," said 34 per cent of lung cancer victims can be saved if the diagnosis is made early and they receive proper treatment.

The surgeons were asked about the size of the tumor but replied that question couldn't be answered until pathologists complete their study.

Godfrey maintained an outwardly cheerful appearance in the days preceding the operation but said the "thing" in his chest—while giving no physical pain—gave him a "cold, clammy feeling" and made him mentally "a mess."

As for possibility it might turn out to be cancerous and require removal of a part or all of his lung, he said: "I don't mind one bit just so long as it doesn't cripple me up so that I can't ride or swim or fly."

## Baby Dies in Fall As Father Goes to Answer Telephone

ST. LOUIS (AP)—The ring of a telephone may have been the death knell for an infant girl.

Deborah Ann Glon, 6 months old, was playing in a canvas baby chair when the telephone rang. Her father, Jack Henry Glon, an unemployed electrician, told police he turned from the infant and in the few seconds it took him to reach the telephone Deborah fell.

The child hit her head on the floor. The father rushed her to St. Anthony Hospital but she was dead on arrival.

An inquest is scheduled. Deborah's mother was away at work.

## Gloomy Outlook

Area Traffic Report  
Increase Over 1959

The traffic reports for the first three months of 1959 in Pettis and seven neighboring counties are gloomy compared with those of 1958. There were more accidents, more injuries and greater property loss, but fewer fatalities, there being six persons killed so far this year compared to nine in 1958.

There were 276 accidents compared to 238, the number of persons injured was 177 compared to 139, and the property loss was \$198,345 for 1959 compared to \$126,046 in 1958, an increase of \$72,299, or more than 56 per cent. This is for the eight-county area comprised of Pettis, Saline, Lafayette, Johnson, Henry, and Benton Counties, patrolled by Troop A of the State Highway Patrol and Cooper and Morgan Counties, patrolled by Troop F.

Pettis County's individual report is not so bad, but it is up over 1958. There have been 47 accidents investigated compared to 43; the number of persons in-

## Confined to Drag Strip

Hot-Rod Racing Is Legal;  
Encouraged in Kansas CityBy ED SHOOK  
The Kansas City Star

KANSAS CITY (AP) — Hot-rod racing is not only legal in Kansas City—it's encouraged.

But this unusual situation is confined to a 4,850-foot strip of asphalt in a lonely section of the city near the Missouri River—the site of the Kansas City Timing Assn's drag strip where hot-rodgers from 16 to 50 years old race souped-up jalopies and motorcycles to their hearts' content.

Last Sunday marked the opening of the 500-member association's 1959 racing season. Trophy meets will be held on the first and third Sundays of each month until October.

Off Sundays are devoted to "grudge" races in which anyone can race against anyone else. If no opponent is forthcoming, the restive hot-rodder always can try to beat his greatest foe, the stopwatch.

Both the drag strip and the timing association are products of the city's police department and under its encouragement they have flourished.

It all began in 1955 when Eugene M. Pond, then Kansas City's chief of detectives who now is chief of police at Wichita, became alarmed at the menacing hot-rod situation here. Motorcycle patrolmen were having a tough time coping with wildcatting, illegal drag racing, on city streets. High-speed chases of 100 miles an hour or more were common occurrences.

Pond held a series of meetings with motor-happy youngsters that resulted in formation of the timing association. The Kansas City Southern Lines offered a plot of land for \$2 a year. A loan of \$70,000, to be repaid from profits of the strip, was obtained from a patron group and a contractor agreed to contribute half the cost of grading and paving.

Caught up in a swirl of public enthusiasm, the strip was finished two months sooner than planned, and suddenly, nocturnal cat and mouse episodes between dragsters and police largely disappeared. The situation has remained relatively the same ever since.

On July 15, the day the strip opened, a crowd of 18,000 persons watched as some 200 racers competed in the first trophy meet. A 66-year-old motorcyclist proved a formidable contender in his class

when he turned in a snappy 93.25 miles an hour record.

The strip is open seven days and nights a week and always is bers of the 31 registered hot-rod clubs — including such unusual names as the Draggin Diplomats and the Gear Jammers—or individuals who simply want to find out how fast their cars will travel.

On an average summer night according to Lee Dorrell, a Kansas City policeman who is president of the Timing Association, between 60 and 100 cars are at the strip.

This year Kansas City's only all-girl hot-rod club, the Dragettes, is running the concession stand at the strip. The seven Dragettes are either wives or sweethearts of members of other clubs. Besides doing housekeeping chores at the strip, the girls do a bit of racing too.

Dorrell says the Timing Association has no room for "squirrels," as he calls untamed, show-off drivers.

"A true hot-rodder takes an interest in his car, keeps it looking nice and mechanically perfect," Dorrell said. "He has so much time and so much money tied up in it that he wouldn't dare race it any place but on the drag strip."

Deep South  
Spends Less  
On EducationBy G. K. HODENFIELD  
AP Education Writer

WASHINGTON (AP)—The Deep South is spending less for public education than any other area in the country—and its people are the least educated—the National Education Assn. reported today.

On the other hand, many of the Southern states are spending a greater percentage of their citizens' personal income to support their schools than are richer states elsewhere.

The NEA issued its annual report, "Rankings of the States," with 60 tables of figures to show how the various states stood in different educational categories. It picked no over-all best or worst state, but the figures told quite a story.

For instance: Mississippi this year is paying its classroom teachers an annual salary of \$3,070, lowest in the nation. It is spending \$181 per year for each student in average daily attendance—less than any state except Alabama, which spent \$164.

But Mississippi led the nation in one respect: in 1957 almost half its young men who registered for the draft failed to pass the pre-induction mental examination. Mississippi's rejection rate was 49.9 per cent, followed by South Carolina (49.8), Alabama (42.6), Louisiana (39.9) and Georgia (37).

At the other end of the table, Montana had the lowest rejection rate, 3.5 per cent. Next came Iowa (3.6), Minnesota (4.2), Kansas (4.5) and Oregon (4.6). The national average was 18.9 per cent.

The national average of "current expenditures per pupil in average daily attendance" for 1958-59 is \$340.

New York, with \$535, is spending more per pupil than any other state. Next comes Alaska (\$520), New Jersey (\$463), Wyoming (\$435) and the District of Columbia (\$434.43). The 10 lowest states on this list are all Southern or border states.

But Mississippi spent 3.8 per cent, and Alabama 3.3 per cent, of their total personal income payments for school support compared with New York's 3.2 per cent and New Jersey's 2.9 per cent, for instance.

The annual average salary of classroom teachers for this year ranges from Alaska's \$6,400 to Mississippi's \$3,070. The national average is \$4,775. New York is second with \$6,240. Eight of the 12 lowest-paying states are Southern or border states.

## At First Christian Friday

United Church Women Hold  
May Fellowship Luncheon

The May Fellowship luncheon, sponsored by the United Church Women of Sedalia, of which Mrs. A. F. Klemme is president, will be held at the First Christian Church on Friday, May 1. Chairman of the May Fellowship Day is Mrs. M. O. Stevens.

The theme this year is "How Much Is Enough?" The national committee for May Fellowship Day selected it because they feel that church women can help in the tragic situation where one-third of the world's people do not have enough to eat and many millions of children go to bed hungry every night.

Great pockets of poverty even dot our own rich nation, they point out, and they recommend highly the pamphlet, "How Much Is Enough?", prepared by the U.C.W. councils during the current study. They note that only 32 per cent of the 163 million population in 1955 had an income exceeding \$5,000, although the U. S. Labor Department set \$4,300 a year as the absolute minimum for decent living back in 1951. And in 1955 some 23 per cent of the 51 million American households were struggling to get along on less than \$3,000 a year. It is in these families that the spectres of ill health, irregular employment and broken homes are to be found.

More than five million persons were jobless in May, 1958. Minority groups naturally have the worst time.

There are families that live far beyond their means, even though they have big salaries, and complain about taxes, mortgage payments, installments on the car and on household appliances, insurance and education savings for their youngsters, medical and dental bills, for which they never seem to have enough.

At the other end of the ladder are those who don't eat right, get the bare necessities of clothes for their children, and have poor houses, because of low salaries. The church women across America will spend the spring of 1959 delving into the reasons for some of the money troubles of American families. They will point up a need for a well-defined set of values and a good budget plan for every family.

They will set up neighborhood conversation groups, forums, discussion sessions and public meetings with other interested groups and ask each other, "How Much Is Enough?"

The United Church Women believe that housewives who do the nation's shopping and home-planning should think seriously on spending patterns. They feel that they can study poverty in their own communities and discrimination against minority groups. They can push for increased unemployment insurance and longer periods for jobless pay; for raised minimum wage standards and Social Security benefits.

Further, church women can keep their Congressional leaders

informed on their thinking about foreign aid, old age pension, education, health. They can lay before their state governors case stories about wages, discrimination and other inequities.

Most of all, U.C.W. leaders say, they hope to show that safe sane budgeting can keep families and the entire nation on a more realistic and balanced economic keel.

They affirm the philosophy that we are our brother's keeper to the extent of curbing our own luxury buying in order to share some of America's natural wealth with the "have-nots" of the world.

The plane is a B47, powered by six jet engines, weighing 10 tons loaded, flying 600 miles an hour, ranging 3,000 miles nonstop. It can fly as high and fast as Soviet medium bombers.

Two of the swept-wing B47s are getting the finishing touches of the complex guidance and control systems here at Lockheed Aircraft Corp's Georgia Division so they can take off, maneuver and land again untouched by human hands. Sperry Gyroscopic Co. is the major subcontractor.

After flight tests, the drones are expected by late summer to be making surprise probes of radar detection systems and missile defenses.

The drones could try, if desired, to seek soft spots in defense systems such as the Dewline and SAGE, and test the quickness and aim of missile crews operating the Nike-Hercules or Bomarc or other defenses fired either from the ground or from defending airplanes.

The swift ships, controlled by radar or radio from the ground or by a mother ship, can make it tough for defenders.

For they will be equipped to jam some ground radar and electronic firing systems, or spread metallic chaff to confuse radar sightings and trackings.

One plan presumably is to aim defending rockets for near misses, intentionally, rather than to score direct hits. That's easier on the budget.

But actual knockdowns could be in the cards. And the drones will be rigged for blowup on command if they get dangerously out of control over cities.

The American Legion Auxiliary to Post 16 met in regular session, Monday evening, April 6 at the Legion Hall with Mrs. W. C. Cain, president, who presided over the business meeting.

Plans were talked over concerning Poppy Day. It was announced Carol Hyatt was the girl chosen to represent the Legion Auxiliary at Girl's State.

After the business session, the meeting was turned over to the program chairman, Mrs. Sam P. Harlan, Pan American chairman, who gave a very interesting and informative talk on El Salvador. A social session was held with the hostesses being Mrs. John A. Thomas, Mrs. Walter Loveland and Mrs. Sam Harlan, who served refreshments and had charge of the entertainment.

Four guests were present: Mrs. R. N. Gorrell, Mrs. Roland Lattin, Mrs. Clyde Butler and Mrs. Sam Sloan.

After the white elephant sale, plans were discussed for the sidewalk bazaar. Next meeting will be May 13 with Mrs. John Harvey Jr.

## Lions Club

Has Talk On  
Compensation

The Sedalia Lions Club heard a talk on workmen's compensation given by John C. McCloskey, local attorney, at the noonday meeting Wednesday.

McCloskey explained the origin of the compensation law, starting in England back in 1897, being changed at various times since. He explained important points of the law for both the benefit of the employer and the employee.

One point he brought out was the change in compensation allowance which back in the late 1920's amounted to \$6 a week, later raised in 1947 to \$20 per week and later increased until now it is \$37.50.

A discussion was had on changing the meeting place. The Lions, because of the lack of attendance due to the short time allowed to get to and from work to Flat Creek Inn, is moving back to the Bothwell Hotel, it was announced. The change is effective on June 3.

Guests at the meeting were three members of the 340th Combat Defense Squadron, Whiteman AFB, the squadron adopted by the Lions Club. They were Lt. David Hetzel, Sgt. William F. Dye and Sgt. Carl N. Jacks. Also a guest was Jack Faber, secretary-manager of the Sedalia Chamber of Commerce.

The Lions will not meet next Wednesday noon due to the Ladies Night meeting which will be held at the Officers Club at the Whiteman AFB. Members of the 340th Combat Defense Squadron will be their guests at this meeting.

Pop and Tots Night has been set for May 27, when the Lions will entertain their youngsters.

Tom Baker, president, conducted the meeting.

For the fourth consecutive year, pupils of Grades 5, 6 and 7 of Horace Mann School have participated in the annual oratory contest sponsored by the Modern Woodmen of America. The theme of the talks this year was "Industries That Shaped Our Nation."

Following the elimination contests, the finals were held on April 15, 16 and 17 with J. O. Miller, guidance director at Smith-Cotton, serving as judge.

In the seventh grade contest, first place was won by Barbara Burford, daughter of Mr. and Mrs. Harry Burford, 1814 South Missouri; and second place was won by Laura Smith, daughter of Mr. and Mrs. Alfred Smith, 900 West 14th. Also winning were the following students: Mary Beth Ashley, Ellen Griffin, James Roy, Cynthia Lower, Donna Ray, and Linda Wofford.

The winners in the fifth and sixth grade contest were: First place, Debbie Long, daughter of Mr. and Mrs. Joe Long, 1819 South Warren; and second place, Rebecca Cramer, daughter of Mr. and Mrs. James Cramer, 1710 West Ninth. Also winning were: Kenny Fine, Billie Flo Lopez, Mike Hewitt, Anne Sillers, Lynda Swackhammer, James Weseloh, and Pamela Wilson.

Those who placed first and second received plaques and the other winners received oratory pins. These awards were provided by the Modern Woodmen of America. Much interest was shown in these contests, and the pupils and faculty of Horace Mann feel it was a most worthwhile project.

Airman Has  
Collection Of  
Odd Steins

Air Force personnel stationed in various countries all over the world have been attracted to customs and objects of art from many of these localities. Sgt. Thomas O. Maltby of the 340th Field Maintenance Squadron at Whiteman Air Force Base, became interested in the odd and varied shaped steins that he saw in Germany, and started his collection.

The sergeant now has 42 steins ranging in capacity from seven quarts to one ounce. The oldest one is approximately 200 years old and was given Sgt. Maltby by a German family in Ramstein, Germany.

One of the steins plays the Munich Hofbrau House song when the lid is lifted. Others are fashioned into salt and pepper shakers, figurines, and cigarette lighters.

Sgt. Maltby was assigned to Whiteman in August, 1958, after serving a tour of duty in Germany. He estimates that his stein collection is worth about \$800.

The sergeant, his wife, Carol, and their three sons, Gary, 10; Jeff, 8; and Tommy, 6, reside at 2316 West Fifth.

Farewell Party  
Given at Tipton

A surprise farewell dinner party was held in honor of Mr. and Mrs. Clyde Courtney, Tipton, at the home of Mrs. Maurine Vaughan and family recently. The dinner was contributed by the following friends and neighbors who were present: Mr. and Mrs. Elmer Vogt; Mr. and Mrs. J. C. Henry; Mr. and Mrs. John Woolery and family; Mr. and Mrs. Raymond Harrison and family; Mrs. J. E. The bride wore for her wedding a blue suit with white accessories and a corsage of red carnations. Her attendant, Mrs. Erich Mueller, sister of the bride, wore a brown suit with beige accessories and had a corsage of white carnations. Alvin Meyer, brother of the bride, served as groomsmen.

Mrs. Earl Meyer was organist. Mothers of the bridal couple chose navy dresses for the occasion.

A wedding dinner for the immediate family and close friends was served in the basement of the church following the ceremony, and at 7 p. m. open house was held in the basement.

The four-tier wedding cake, decorated with pink roses and green leaves and topped with a miniature bride and groom, was placed on a large mirror plaque on the lace covered table. Other decorations were pink and white streamers centered with a white wedding bell.

Mrs. Ervin Jutjen baked the cake and the decorations were by Mrs. Ella Eckhoff.

Mrs. Erich Mueller and Mrs. Luten cut and served the cake. The bride and groom are both graduates of Lincoln High School. She is employed as bookkeeper for the MFA Implement Co. in Lincoln and Mr. Orfield is engaged in farming in the Roseland community where they will reside.

Physicians said the propeller fractured numerous ribs, but apparently there was no damage to the lungs or heart.

The accident occurred after Barnett's chartered single-engine plane landed at the Coldwater Airport.

**Matter of FACT**

In ancient Greek times Aristotle observed that light traveled in a straight line. His curiosity was stimulated when he noted that the light that came through a tiny hole in the wall of a darkened room cast on the opposite wall an inverted image of the scene outside. What he saw was the phenomenon which makes the modern camera possible.

## Gopher Is Most Cussed Out Rodent

**ALBUQUERQUE, N.M. (AP)**—Breathes there a gardener with soul so dead who never turned the air blue with profanity at the sight of one of his prize iris plants disappearing down a hole?

And how many farmers and ranchers have spent hours trying to find where their irrigation water is leaking out of a ditch?

The whole business can be blamed on one ornery little rodent—the gopher.

The gopher, found all over North America, is probably the most roundly cussed-out rodent there is. What do you do about them?

Conservation men say there are a number of systems—most of which are a waste of time.

One is shooting the little rascals; another is trapping them. Neither has much effect on the crafty gopher population.

Two methods—usually employed by distraught gardeners verging on hysteria—hardly ever work.

One is sticking a hose down the hole and trying to drown Brother Gopher. The other is running a hose from the exhaust pipe of the car into the gopher hole. In both instances the gopher blocks off a number of strategic tunnels and retires to the south wing of his home.

A few systems work, say the rodent control boys, but even these are not infallible. One is cyanide bombs and the other is small box traps—baited with vegetables, cheese or maybe a pizza pie.

Most people who have battled gophers for any length of time, say there is one sure way to win:

Move to an apartment in the center of the city—and make sure that place has no window boxes.

HOLLYWOOD (AP)—Fannie Brice once said of Esther Williams: "Wet, she's a star; dry, she ain't." The same cannot be applied to Lloyd Bridges.

He was a noted actor in his own right before going under the briny in the successful TV series, "Sea Hunt." Since strapping on his aqua-lung, his career has boomed.

"The series has certainly brought me more notice than anything I have ever done before as an actor," he remarked. "It has also brought me more money than anything else in my career."

"Artistic satisfaction? No, that is lacking. But fortunately, I am able to get it by doing other things when I'm not doing 'Sea Hunt.'"

The "other things" are TV dramas, films and plays which make more use of his acting talents than the water-soaked TV show.

This summer he is touring in the big musical tents as Sky Masterson in "Guys and Dolls."

Can he sing? "I don't know; I haven't really tried."

Last year, he did "The Goddess" in his hiatus from "Sea Hunt." So far, he hasn't found a satisfactory script for a 1959 movie.

"The nice part about having a series is that you don't have to take just anything that comes along."

It appears that he will enjoy such independence for some time. "Sea Hunt" is going into the last part of its second year of films, and the producers foresee a five or six-year run. The show has been a smashing success in syndication, yet the networks passed it up.

"I guess they were all wrapped up in Westerns," Bridges observed.

The public has shown it is interested in adventure under the water as well as on the plains.

Here, also, for the weekend were Mr. and Mrs. Jack Milburn, of Cincinnati, who visited his brother and wife, Mr. and Mrs. F. O.
